Hi Lora-

Please see attachment for my comments. Good job on such a huge effort!

Steve

Subject: HF Drinking Water Study - Quality System Assessment Draft Report

If you are receiving this email then you participated in the quality system audit (QSA) of the hydraulic fracturing drinking water study that was conducted over the winter of 2012-2013. I invite each of you to review the draft report for any errors in fact, focusing on the highlights of those interviews in which you participated. Review comments using Word features like track changes and comment fields are encouraged. Your response by May 15, 2013 is appreciated.

Lora Johnson,

Director of Quality Assurance, ORD
